Response for Requests to Supply
Material Safety Data Sheets

Fernco products are manufactured articles which do not result in exposure to hazardous chemicals under normal use. Fernco therefore is exempt from the requirements for preparing Material Safety Data Sheets and sending M.S.D.S.'s and labels to downstream purchasers of our products.

If further clarification or information is required, please feel free to contact me at 1-800-521-1283.

Sincerely,

A handwritten signature in black ink, appearing to read "Bill Shorey". The signature is stylized with a large, sweeping loop at the end.
