

Job Description

TITLE: Pipelayer
DEPARTMENT: Field Operations
JOB STATUS: Non-Exempt, Hourly
LOCATION: Various locations within Washington DC, Maryland and Virginia
REPORTS TO: Foreman

Summary: Responsible for assembling, connecting, and constructing pipe systems for storm or sanitation sewers, drains, water mains and various types of duct bank conduits. Ensures ground is prepped and trenches dug out for pipes. Aligns pipes and seals joints together with cement or glue. A pipelayer is expected to take instructions from the foreman/supervisor and relay it to his crew and should be able to reasonably manage the process from that point.

Primary Duties & Responsibilities:

- Ability to recognize all types of pipe and pipe fittings
- Knowledge of how to properly connect the different types of pipe
- Knowledge of and experience in the use of hand tools associated with pipe installation
- Knowledge of different glues and lubricants associated with pipe installation
- Ability to cut pipes to specified lengths and angles
- Ability to read and comprehend blueprints in order to identify pipe locations and elevations
- Ability to set pipe lasers correctly and figure slope percentages
- Knowledge of and ability to operate tapping machines
- Ability to set up and use transit levels enough to establish straight pipe lines, as well as establish and verify elevations
- Have a working knowledge of pipe repair and replacement
- Ability to endure intense manual labor
- Report any problems and/or safety hazards to your foreman or, in their absence the crew lead or Superintendent or Safety Officer
- Ensure a safe work environment in compliance with OSHA, State regulations, and all safety policies and procedures

Secondary Duties & Responsibilities:

- Ability to teach and supervise others
- May assist Foreman with assignments while on site
- May perform other duties as assigned by Superintendents and/or Foremen

Required Qualifications:

- Must be 21 years of age
- High school diploma/GED preferred
- 2+ years of construction industry experience preferred

- Ability to travel to Anchor’s main Yard sites required
- Ability to follow basic instructions in English required
- Ability to use basic tools required
- Basic understanding of construction principles and procedures required
- Ability to work overtime and nights as required
- Comfort working in an outdoors high-stress environment with extreme weather fluctuations required
- Ability to work independently or as an active member of a team
- Ability to operate a manual transmission vehicle preferred
- Spanish fluency a plus

Physical Demands

Physical Movement

Must be able to:

- Physically stand, bend, squat and lift heavy objects
- Dig ditches, pits, trenches and foundations in preparation for the job site construction
- Walk on uneven ground
- Stand for prolong periods
- Lift and carry weights varying between 10 and 50 pounds

Work Environment

Moderate

Occasionally exposed to extreme atmospheric conditions (temperature, noise fumes, dust, etc.)

Exposed to the outdoor elements (cold, heat, rain, snow, etc.)

Noise level is loud
